pakistan with the second largest muslim population in the world is a crucial country in the international system it is an ally of the united states in the global war on terror but is also regarded as a major bastion of some of the most active jihadist organisations this book highlights and explores the paradoxes that characterise contemporary pakistan from the simultaneous democratization and islamization of civil society to the schizophrenic us pakistan relationship the central theme of the book looks at pakistan s stability paradox commentators and analysts have over recent years often suggested that pakistan was on the verge of state failure or collapse resulting from a myriad of dilemmas yet remarkably the pakistani state has proven to be more resilient this book identifies not only the factors that are

contributing to pakistan s perceived instability but also those factors that have contributed to the state s resilience chapters explore this central paradox through three core dimensions of pakistan s contemporary dilemmas the domestic regional and international dimensions

this book presents interdisciplinary and comparative analyses of judicial independence in transitional democracies across asia latin america eastern europe the middle east and africa although judicial empowerment and independence in transitional democracies have gained both academic and real world prominence in recent decades an ongoing debate persists regarding the nature scope and determinants of judicial independence in transitional settings some transitional democracies successfully develop democracy and the rule of law with the sustained growth of judicial independence whereas others grapple with substantial challenges and move more towards authoritarianism this book examines factors that drive de jure and de facto judicial independence in transitional democracies and evaluates their relationship in doing so it identifies challenges and opportunities associated with developing judicial independence in transitional democracies at the intersection of political science and law the work will be a valuable resource for academics researchers and policymakers in constitutional law constitutional politics and human rights law

populism is a contested concept when applied to asia in populism in asian democracies features structures and impacts members of the asia democracy research network adrn discuss the diverse subtypes of populism in 11 countries across asia their structural elements and societal impacts populism takes on different forms in asia according to its target rhetoric and strategy redistributive populism stems from income inequality and rural poverty while ethno religious populism represents a continued struggle between majority and minority groups progressive populism emphasizes democratic governance over corruption and factional politics and authoritarian populism rises from government incompetence as adrn shows the 11 asian democracies have adopted various subtypes and hybrids of such populism models adding importance to regional cooperation in safeguarding democracy
