jerusalem in the qur an is a great book that thrilled and delighted me in a number of ways i am surprised that such a meticulously documented book had to wait for such a long time before seeing the light it is now more than half a century since the zionists began their appalling oppression and ethnic cleansing of the palestinian people whose only offense is that they happened to live in a country considered by the jews to be their promised holy land the zionists have continuously referred to distorted scriptures from the torah and other biblical material to justify their atrocious behavior and to motivate the jews to establish a state of israel that extends from the nile to the euphrates with jerusalem as its capital for example david ben gurion the first prime minister of israel is quoted to have said the bible is our deed to the land of israel muslim scholars on the other hand have largely failed in refuting zionist claims from authenticated historical and religious sources and have also failed to accomplish their religious responsibility in clearly documenting this question from the holy qur an and the blessed ahadith of our beloved prophet peace and blessings be upon him as far as i know whatever is written on this subject is rather superficial and emotionally tainted or simply stating facts in a cool manner may allah ta ala reward brother imran

hosein for writing this scholarly document which will indeed fill up this intellectual and religious gap and serve as an academic reference to muslims in all parts of the world as i write this introduction this book that was published only this year is already being translated to arabic and bosnian in a short time it will be rendered into other european languages and to all the other tongues of the islamic world it must be reported however that the importance of writing a book about the holy land in the qur an have not escaped the vision of far sighted and creative muslim thinkers such as dr kalim siddiqui founder president of the muslim institute for research and planning and professor shaheed ismail al farouqi i am surprised at the vision of the former scholar who asked imran hosein to write this book as early as 1974 he urged him saying that jerusalem is the key to understanding the historical process of the middle east and the world at large shaikh imran successfully accomplished this task after 27years though seemingly late but it has come at the right time in which the whole world is being shocked by jenin and what happened in sabra and shatila i am amazed by imran s style of writing though jerusalem in the qur an is a meticulously written thesis combining religious and historical documents with recent political events and penetrating interpretations from the qur an and hadith it runs like a story once you begin reading it it is hard to stop this is the general quality of a novel the person would read it once and throw the book away but not that of a serious thought provoking dissertation like the book that brother shaikh imran published it is a reference that one needs to keep and reread whenever the subject is to be researched i believe that this eloquence of the shaikh must be the result of a natural gift that has interacted with his indefatigable work as a preacher and da iyah and the divine blessings for his sincerity finally in spite of the seemingly depressing situation of the muslims in general and the palestinians in particular reading the book would certainly give one a warm surge of optimism about our future a bright light that shines at the end of our long dark tunnel of history we are living at the end of time this is the age in which the prophesies of the holy qur an and

the blessed hadith are unfolding right before our very eyes to prove to humanity the truthfulness of our faith
